## ABOUT THE SERIES

Change is easier when you have a guide. The Missouri Department of Health and Senior Services (DHSS) will be sponsoring a series of webinars and networking opportunities, where leaders from Missouri Baby Friendly hospitals will share information on improving maternity care practices and mentor hospitals who are interested in improvement. Staff from every birthing hospital are welcome to participate, no matter where you are in the journey. Share ideas and learn from your colleagues!

## ABOUT THE "SHOW-ME FIVE" HOSPITAL INITIATIVE

DHSS fully supports the Ten Steps to Successful Breastfeeding and the Baby Friendly Hospital Initiative as the best way to improve breastfeeding outcomes. As hospitals work towards their improvement goals, we want to make sure to celebrate the achievements along the way. For this reason, DHSS recognizes birthing facilities who are meeting five of the ten steps, as outlined here.
